WHY 80/20?

Success in the game of basketball is achieved through 80% skill and ability and 20% attitude, determination, work ethic and leadership. Coach Harvey Kitani will challenge campers to develop in both the physical aspect and in the mental aspect of the game. Campers should come with a positive attitude and be prepared to give 100% effort the entire time at camp. "I loved 80/20 camp because it really helped me improve my overall game. 80/20 drilled good defense into me and helped me know how to be smart on the court. It was one of the most challenging camps I've been to because it pushed me farther than I thought I could ever go. I feel I'm playing more to my potential this season because of what I learned."

— Kristen Dresser, Player, North High School
